

Exp 8
Output A:

The image shows a web interface for a login form. It has a blue and green gradient background. A white rounded rectangle contains the form. At the top, the title "Login Form" is in blue. Below it are two input fields: the first contains "Raul" and the second contains "*****". A blue and green gradient button labeled "Login" is below the inputs. Underneath the button is a light purple box titled "Submitted Data" in bold. Inside this box, it displays "Username: Raul" and "Password: 123456".

Output B:

The image shows a web interface for a counter application. It has a blue and green gradient background. A white rounded rectangle contains the app. At the top, the title "Counter Application" is in blue. Below it is a large blue number "18". Underneath the number are two buttons: a blue and green gradient button with a "+" sign and an orange and red gradient button with a "-" sign. Below these buttons is an input field with the placeholder text "Enter new value". At the bottom is a blue and green gradient button labeled "Set Counter".
